

TECHNICAL DATA SHEET

ARTICLE CODE: SBR 1011

Braided Rope

- Heavy duty low elongation high strength Kernmantle rope
- Material: 100% Polyester
- Rope dia: 10.5 mm
- UV Resistance.
- Strong and durable.
- Versatile. Can be used for a wide range of applications.
- Min Breaking strength: 22 KN
- Conforming to EN 1891 to EN 567

Applications:

*Construction Industry, Rescue operation
Fall arrest system, Lifting and hoisting.*

<i>Care instruction and storage</i>	<i>Store in a cool dry place. Avoid damp areas, chemicals, and sharp objects. Keep away from heat.</i>
<i>Inspection</i>	<i>Should be inspected frequently, both before each use. Damaged or defective ropes should be replaced immediately.</i>
